CASTIGLIONE DELLE STIVIERE:

Detached Villa a Stone's Throw from the Historic Center

In the heart of the historic center, between quiet and comfort

A few steps from the suggestive Piazza San Luigi, in one of the most appreciated areas of the historic center, we offer an independent villa immersed in a large private garden of about 1300 square meters. The property, built in the early 80s, offers generous spaces and great versatility. The house is spread over two levels connected internally: a solid structure, with large and bright rooms that are just waiting to be redesigned according to the needs and taste of those who know how to grasp its potential.

Ideal for those who want to live in a quiet context, without giving up proximity to the main services and the convenience of the center, reachable in a few minutes.

The possibility of creating a swimming pool and completely customizing the interiors makes this solution perfect for those looking for a home to transform over time, enhancing a truly rare location and a private garden that, by itself, makes the difference.

Castiglione delle Stiviere is a dynamic town in the Alto Mantovano area, strategically located between the provinces of Mantua, Brescia and Verona. With a population of over 23,000 and an even larger catchment area thanks to its proximity to Desenzano del Garda and Lake Garda, it represents an important commercial and service hub for the entire area.

The presence of numerous productive activities, business centers and important school and health services make it a lively place all year round, with a varied and loyal clientele. The well-structured urban fabric and the continuous growth of the residential sector guarantee excellent potential for the development of new activities, especially in central and high-traffic areas. Furthermore, the proximity to the Desenzano del Garda motorway exit (A4 Milan-Venice) and the main roads ensures easy accessibility and rapid connections with the main cities of northern Italy.
